

WHAT'S THE BIG IDEA?

The Concept Behind
DiscipleZone Resources
Imaginative. Individualized. Discipleship.

DZR is not a curriculum. DZR is not a random assortment of resources. DiscipleZone Resources is a unique collection of **coordinated resources** designed to disciple **pre-teen children** when they arrive at **six specific milestones** on their journey with Christ. Without **guidance and encouragement** at these pivotal times, children stall or regress in their **spiritual development**.

- **Milestone 1: Salvation.** When a child wants to become a Christian share the gospel using *The Good News In Color for Kids Witness Kit*.
- **Milestone 2: First Steps.** When a child begins the Christian life give them *Walking with Jesus for Kids*. [Also available: *Walking with Jesus for Adults*]
- **Milestone 3: Bible.** When a child gets serious about using the Sword of the Spirit equip them with the *SilverSword Bible Memory Program*.
- **Milestone 4: Baptism.** When a child is ready to go public with their faith supply them with *Want Water? What Baptism Is All About for Kids*.
- **Milestone 5: Communion.** When a child asks to participate in the Lord's Supper provide them a copy of *Hungry for More? What Communion Is All About for Kids*.
- **Milestone 6: Ministry.** When a child commits to a life of service give the parents *Raising Up a WorldChanger in Your Family*.

DZR provides what is needed when a child **personally decides to take the next big step** in their Christian experience.
